

IMPLEMENTING WEB APPLICATION

Create UI to interact with Application:

The registration form is titled "Registration" and is set against a dark blue background. It contains the following fields and controls:

- First Name**: Text input with placeholder "enter your full name".
- Last Name**: Text input with placeholder "enter your full name".
- E-mail**: Text input with placeholder "enter your email id".
- Confirm E-mail**: Text input with placeholder "enter your email id".
- Password**: Text input with placeholder "enter your password".
- Confirm Password**: Text input with placeholder "Confirm your password".
- Phone no**: Text input with placeholder "enter your number".
- Date of Birth**: Text input with placeholder "mm/dd/yyyy" and a calendar icon.
- Address 1**: Text input with placeholder "enter your address".
- Address 2**: Text input with placeholder "enter your address".
- Pincode**: Text input with placeholder "enter your Pincode".
- Country Name**: Dropdown menu with "select country" as the selected option.
- Gender**: Radio buttons for "Male", "Female", and "Other".
- Register**: A large purple button at the bottom.

The login form is titled "WELCOME BACK !" and is set against a dark blue background with a mountain landscape. It contains the following fields and controls:

- SIGN UP**: A pink button at the top left.
- LOG IN**: A pink button at the top right.
- Username**: Text input with placeholder "Username".
- Password**: Text input with placeholder "Password".
- LOG IN**: A large pink button at the bottom.
- Did not have account? Register**: A link at the bottom.
